

Bouquet

Bouquet combines classicism, elegance and originality with multifaceted uses. Protagonist on the night table or in the corner of a living space, Bouquet gives a soft light suitable for reading and relaxing. A luminous sculpture that once switched on highlights the delicate play of chiaroscuro created by the “folds” of the diffuser. The design of the abatjourine (2006) is by Luta Bettonica and Mario Melocchi, a tribute to the original design by Franco Bettonica who was inspired by origami in 1965 to create an eccentrically shaped ceramic vase.

luminaire		light source	
materials	PMMA, polycarbonate	source	led
environment	interiors	socket	E27
mounting location	table	included bulb	yes
emission	diffused light	number of bulbs	1
weight	0,6 kg	plug	european 2 poles
voltage	230V	power	7,2W
insulation class	2	colour temperature	2.700K
IP classification	IP20	luminous flux	650lm (bulb)
certifications		energy label	F
design	Franco Bettonica, Luta Bettonica
